

THE 2026 INTERNATIONAL CONFERENCE ON INDUSTRY 4.0, ARTIFICIAL INTELLIGENCE, AND COMMUNICATION TECHNOLOGY

July 2-4, 2026
Bali, Indonesia

Welcome to IAICT 2025

Greetings...

The fourth Industrial Revolution is emerging and evolving at an exponential rather than a linear pace and disrupting almost every industry in every country. These changes signaling the transformation of entire systems of production, management, and governance. While many organizations might still be in denial about how Industry 4.0 could impact their business, several others are implementing changes and preparing for a future where smart machines escalating their business. This conference will discuss the impact of transition to Fourth Industrial Revolution on Infrastructure, Ecosystem, Efficiency and Competitiveness of industrial operation. The impact of robotics, augmented reality, IoT and artificial intelligent on value chain support and optimization are also discussed. The operational changes of Industry 4.0 on certain industries which emerging into smart operation in terms of monitoring and controlling data will be available.

The conference also covers the impact of Industry 4.0 on optimizing delivery and logistic operations in term of exploring real applications of advanced self-driving systems, loadings and distribution. During the conference, we will study types of smart methods of monitoring and operating engineering activities. We will discuss impacts of automation, robotics and smart sensing on improving production and accuracy.

This conference will provide an international forum for researchers, academicians, professionals, and students from various engineering fields and with cross-disciplinary interests in Industrial 4.0, Intelligence System, and Communication Technology to interact and disseminate information on the latest developments. The conference will include technical sessions, tutorials and technology and business panels. You are invited to submit your papers to the conference. After peer review process, accepted papers will be published in the IAICT 2025 Conference Proceedings and presented papers will be submitted to IEEE Xplore after each paper is thoroughly reviewed and (if any) satisfactorily modified according to the reviewer comments.

Chair of IAICT'2025

Muhammad Nasrun

IEEE Comsoc Indonesia Chapter and Telkom University

THE IEEE INTERNATIONAL CONFERENCE ON
INDUSTRY 4.0, ARTIFICIAL INTELLIGENCE,
AND COMMUNICATIONS TECHNOLOGY

PAPER SUBMISSION :

For Paper Submission please click [HERE](#)

or you may copy and paste on your browser this link

<https://edas.info/N34818>

IMPORTANT DATES

- Full Papers Submission (Extended) : April 15, 2026
- Acceptance Notification : April 30, 2026
- Authors Registration Deadline : May 30, 2026
- Final Manuscript Deadline: May 30, 2026
- Conference Date : July 2-4, 2026
